CBE IN THE NEWS:

- Congratulations to Ohnmar Khanal who won first prize for academic posters at the 32nd International Symposium on Preparative Chromatography

UPCOMING CBE THESIS DEFENSE(S):

- 07/19/2019 @ 2:00 PM in 366 CLB: [Nicholas Gould](#)
- 07/29/2019 @ 1:00 PM in 366 CLB: Camile Diaz

JOBS/RECRUITING:

- **Stony Brook University**
Position: [Assistant Professor](#)
Ref.#: F-10022-19-04
Brief Description: The candidate should have a doctoral degree in Chemical Engineering though a degree in related field may be considered. Two years of postdoctoral experience. Demonstrated record in publications. Demonstrated excellence in teaching and research with areas of expertise in biomedical and tissue engineering, nanotechnology, sustainability, energy research, computational modeling, and other strategic areas that complement ongoing research in the Department and in the Engineering-driven Medicine research thrust at Stony Brook University.
- **University of Illinois at Urbana-Champaign**
Position: [Postdoctoral Research Associate](#)
Brief Description: A Postdoctoral Research Associate position is available in Professor Hao Feng's lab at the University of Illinois at Urbana-Champaign (UIUC) to work on a novel separation approach for liquid solutions. The work is supported by the US Department of Energy's Rapid Advancement in Process Intensification Deployment (RAPID) Institute and has generated significant industrial interest.

Available positions can be found on the Chemical & Biomolecular Engineering [opportunity website](#), so be sure to check it regularly.
