

NEWS OF THE WEEK

August 05, 2019

CBE IN THE NEWS:

- [From Greenhouse Gas to Fuel](#)
- Congratulations to MEPT student Rickey Egan who won a Graduate Scholars Award for 2019-2020

UPCOMING CBE THESIS DEFENSE(S):

- 08/14/2019 @ 1 PM in 366 CLB: [Jason Lee](#)
- 08/19/2019 @ 11 AM in 106 CCM: [Glenn Ferreira](#)

JOBS/RECRUITING:

- UCLA Samueli School of Engineering has initiated a Future Faculty Lectures program for advanced PhD students and post-doctoral scholars to visit UCLA to present their work. We welcome you to [apply to our Future Faculty Lectures](#)—an opportunity for advanced Ph.D. students and postdoctoral scholars to assess whether the UCLA Samueli School of Engineering is the best fit for a faculty position. Our goal is to help our faculty tackle today's greatest engineering challenges and empower students to become future change agents. If selected, you will be invited to present an hour-long seminar on your research; tour the vibrant UCLA campus; and meet with current faculty over lunch. We believe a relaxed environment with open dialog is the best way to learn about each other and the opportunities available at UCLA Samueli. The school will support all travel and lodging expenses. Please feel free to share this opportunity with friends and colleagues who may be interested in this opportunity.

Available positions can be found on the Chemical & Biomolecular Engineering [opportunity website](#), so be sure to check it regularly.
