JOBS/RECRUITING:

- **Princeton University**
Position: [Assistant Professor](#)
Brief description: The Department of Chemical and Biological Engineering at Princeton University seeks outstanding applicants for a tenure-track appointment at the Assistant Professor level, effective as early as September 1, 2021. The search is open to candidates specializing in any area of chemical and biological engineering. The successful candidate should have a Ph.D. in Chemical Engineering or a related field, demonstrated excellence in academic research, and a strong interest in teaching and advising undergraduate and graduate students. We seek faculty members who will create a climate that embraces excellence and diversity, with a commitment to teaching and mentoring that will enhance the work of the department and attract and retain a diverse student body.

Available positions can be found on the Chemical & Biomolecular Engineering [opportunity website](#), so be sure to check it regularly.
