JOBS/RECRUITING:

- **University of Virginia**

- **Position:** [Tenured or tenure-track position at the rank of assistant, associate, or full professor](#)
Brief description: The Departments of Chemical Engineering and Chemistry and the School of Data Science at the University of Virginia invite applicants for a tenured or tenure-track position at the rank of assistant, associate, or full professor. Rank and tenure status will be commensurate with experience level. Optional secondary appointments across schools or departments will be considered, if relevant. Candidates must have a PhD in Chemical Engineering, Chemistry, or a related field at the time of appointment, a record of excellence in scientific research, a commitment to teaching at the undergraduate and graduate levels, and evidence of commitment to diversity, inclusion, and advancing understanding and outcomes for underrepresented groups.

Available positions can be found on the Chemical & Biomolecular Engineering [opportunity website](#), so be sure to check it regularly.
