JOBS/RECRUITING:

- **INTERNSHIP**

A student internship (can be paid hourly) is needed to assist with Covid-19 model development on an National Science Foundation (NSF) funded project immediately. This research project will involve data visualization of drone/google glass and other survey data. Good familiarity with Python and Java programming and a minimum of 10-hours per week for this semester required, starting immediately. Applicants should send a 1 page CV to Prof. Wagner at wagnernj@udel.edu with the subject line “Student CV-19 Modeling Internship”.

Available positions can be found on the Chemical & Biomolecular Engineering [opportunity website](#), so be sure to check it regularly.
