**in red, how credit is used towards 126 cr for CHEG degree
and in green the ones that double count!**

Students who undertake a course experience via **high school/college programs** cannot receive both transfer and test credit for the same coursework. In most cases, UD recognizes the college transfer work and does not award the AP credit. The Registrar's Office reviews student records at the beginning of each semester and will notify students of any credit posting changes as a result of these reviews.

Examination equivalencies are **subject to update**. If your test topic is not listed, or you entered UD in a different Academic Year, or for more information, email transfercredit@udel.edu. *Last updated 1/24/2022.*
