CBE IN THE NEWS

• Updates regarding the COVID-19 vaccine

• Congratulations to Professor Lushandra Karley for being awarded the 2022 Minority Affairs Community Award by William V. Selesnick for Excellence in Chemical Engineering

DEPARTMENTS SEMINAR/EVENTS:

• CBE Seminar Series
  Dr. Charles Schneider, University of Illinois at Urbana-Champaign
  Friday, October 28th
  12:00 PM in KIC U2 and via zoom https://zoom.us/j/9755646647
  ‘Self-Healing Polymer Hydrogels and Engineered Surfaces’

OTHER DEPARTMENTS SEMINAR/EVENTS:

• Computer & Information Sciences Seminar Series
  Carla Brodie, Northeastern University
  Thursday, November 2
  11:30 AM in Michelson Hall
  ‘Broadening Participation in Competition by Opening New Pathways to the BS, MS and PhD

• Materials Science & Engineering Seminar
  Yngvar Olson, Northeastern University
  Wednesday, November 9
  10:30 AM in T6 CASA B101
  ‘Solar Cells’
  Passcode: M0223SI

• Interface with Artificial Intelligence: A new design strategy for photovoltaic semiconductors based on data learning

• Analytical Chemistry Seminar
  Gregory Oldham, University of Notre Dame
  Friday, November 11
  4:00 PM in B21/22 and via zoom https://zoom.us/j/9109773487
  ‘Imagine nanomaterials through absorption: supersaturation and ultrafast microscopy

• Biological Sciences Seminar
  Melissa Dunca, University of Delaware
  Friday, November 12
  12:30 PM in B21/22 and via zoom https://zoom.us/j/238464078
  ‘Los wasp and posterior female castor of pollination

JOBS/RECRUITING

• Dress Code
  Position: tenure-track faculty members at the Associate professor level
  Brief Description: The Department of Chemical and Biological Engineering of Drexel University is currently seeking candidates for a Tenure Track position at the Associate Professor level. We are looking to make early offers to strong candidates in the current cycle for a position start date of September 1, 2023. In this position, the candidate will have the opportunity to grow on a new team and profit on an additional year of research experience prior to the start of the tenure clock. The deadline to apply is February 15, 2023. The step 1 short list will encourage to send their full CV to Emily Edgley by November 1, about one week prior to the AICHE Annual Meeting.

• Rutgers University
  Position: Tenure/Tenure-Track Faculty Position
  Brief Description: The Department of Chemical and Biological Engineering (CBE) at Rutgers University is seeking outstanding candidates for a tenure-track or tenured faculty position at any level. Applicants should have a PhD in chemical engineering or a closely related discipline. A record of excellence in research, and a commitment to teaching and working with a diverse population of undergraduate and graduate students.

• The City College of New York
  Position: Tenure-Track Faculty Position at the Associate, Assistant, or Full Professor level
  Brief Description: The Department of Chemical Engineering at the Grove School of Engineering at The City College of New York (CCNY) of the City University of New York (CUNY) is seeking highly qualified candidates for a tenure-track or tenured faculty position to be filled at the Associate, Assistant, or Full Professor level. Outstanding candidates in any research area will be considered. The department is committed to the following research target areas. (i) catalysis and engineering, (ii) renewable energy, (iii) environmental sustainability, (iv) energy systems integration, (v) biotechnology, and (vi) biomanufacturing. The anticipated appointment will begin in Fall 2023. Direct any questions to the search@ccny.cuny.edu.

• McMaster University
  Position: Tenure-Track Faculty Position Chemical Engineering
  Brief Description: McMaster University’s Faculty of Engineering invites applications for a tenure-track position at the Assistant or Full Professor level in the department of Chemical Engineering. Applicants should have a PhD and able to teach in the area of Chemical Engineering.

• University of Maryland
  Position: Assistant, Associate, or Full Professor
  Brief Description: The Department of Chemical and Biomolecular Engineering at the University of Maryland is seeking applicants for a tenure-track position in the area of Chemical Engineering. The successful candidate will have a record of excellence in research, teaching, and service.

• Florida A&M University/Florida State University
  Position: Multiple Faculty positions
  • Faculty Position in Chemical Engineering (Engineering)
  The Department of Chemical & Biochemical Engineering at Florida A&M University (FAMU) and Florida State University (FSU) College of Engineering invites applications from highly qualified individuals for a tenure-track or tenured faculty position in the department of chemical engineering.
  We are seeking candidates for assistant professor position, however, exceptional candidates are encouraged to apply.
  • Assistant Professor Position in Biomedical Engineering
  The Department of Chemical Engineering at Florida A&M University (FAMU) and Florida State University (FSU) College of Engineering invites applications from highly qualified individuals for a tenure-track faculty position in biomedical engineering. The successful candidate will have a record of excellence in research, teaching, and service.

Available positions can be found on the Chemical & Biomolecular Engineering opportunity website, so be sure to check it regularly.
