

## NEWS OF THE WEEK

NOVEMBER 21, 2022

### CBE IN THE NEWS

- [Updates regarding the COVID-19 vaccine](#)
- Congratulations to Emeritus Professor Stanley Sandler for receiving an honorary degree, “Doctor of Science”, from the University of Minnesota

### DEPARTMENT’S SEMINAR/EVENTS:

- **CBE Seminar Series**  
**Dr. Charles Schroeder, University of Illinois at Urbana-Champaign**  
Friday, December 2, 2022  
10:00 AM in 102 CLB and via ZOOM: <https://udel.zoom.us/j/91314568641>  
[Single Polymer Dynamics of Ring-Linear Blends and Entangled Solutions](#)

### OTHER DEPARTMENT’S SEMINAR/EVENTS:

- **Biological Sciences Seminar**  
**Dr. Jaycob Warfel, Pennington Biomedical Research Center**  
Monday, November 28, 2022  
1:00 PM in 318 WLF and via Zoom: <https://udel.zoom.us/j/93807270112>  
[The RNA Binding Protein HuR Regulates Metabolic Flexibility in Skeletal Muscle](#)
- **Plant and Soil Sciences Seminar**  
**Dr. Sam Ying, University of California, Riverside**  
Friday, December 2, 2022  
12:20 PM in 132 Townsend Hall and via Zoom: <https://udel.zoom.us/j/96749039110>  
[From Molecular Geochemistry to Policy: How Manganese Contributes to Drinking Water Contamination](#)

### JOBS/RECRUITING

- **Florida A&M University-Florida State**  
**Position:** [Tenure-Track Faculty Position](#)  
**Brief Description:** The Department of Chemical & Biomedical Engineering (CBE) at the Florida A&M University (FAMU)–Florida State University (FSU) College of Engineering invites applications from highly qualified individuals for a tenure track faculty position in chemical engineering, in the city of Tallahassee, Florida. We are seeking faculty candidates for an assistant professor position; however, exceptional candidates at higher ranks will be considered.
- **Wayne State University**  
**Position:** [Assistant Professor](#)  
**Brief Description:** The Department of Chemical Engineering and Materials Science at Wayne State University (WSU) seeks applicants for a tenure-track faculty position at the rank of Assistant Professor, although exceptional candidates at a higher rank are also invited to apply. The Department of Chemical Engineering and Materials Science seeks exceptional candidates, and has particular interest in those who pursue experimental chemical, biological or materials engineering research to address the world’s most difficult energy, climate, health, and sustainability challenges.
- **The University of New Mexico**  
**Position:** [Assistant Professor in Chemical Engineering](#)  
**Brief Description:** The Department of Chemical & Biological Engineering at the University of New Mexico (UNM) is seeking applicants for a tenure-track Assistant Professor position. We seek an innovative and collaborative researcher and educator in broad areas of chemical engineering. Applications are encouraged from, but not limited to, areas related to energy and sustainability, bioengineering, and materials science. The successful candidate should have the ability to develop a high-impact independent research program that cuts across disciplines, departments, and research centers, and the dedication to teach at the undergraduate and graduate levels.
- **The University of Southern Mississippi**  
**Position:** [Assistant/Associate Professor in Polymer Science and Engineering](#)  
**Brief Description:** The School of Polymer Science and Engineering (SPSE) at the University of Southern Mississippi invites applications for two (2) nine-month tenure-track faculty positions to begin in August 2023. One position is designated at the rank of Assistant Professor and the other is designated at the rank of Assistant or Associate Professor. Applications are encouraged from exceptional candidates with research interests in any area of contemporary polymer science and engineering.

Available positions can be found on the [Chemical & Biomolecular Engineering opportunity website](#), so be sure to check it regularly.
