

NEWS OF THE WEEK

JANUARY 23, 2023

CBE IN THE NEWS

- [Updates regarding the COVID-19 vaccine](#)
- **Congratulations to Professor Thomas Epps for his selection as a 2023 ACS PMSE (Polymeric Materials: Science and Engineering) Fellow!** ‘The PMSE Fellowship was established to honor a small percentage of PMSE members who have made significant contributions to the science and engineering of polymeric materials.’
- [Tacking plastic waster](#)

DEPARTMENT’S SEMINAR/EVENTS:

- **Winter Research Review: 4th Year Talks**
Wednesday, January 25, 2022
Clayton Hall Conference Center

OTHER DEPARTMENT’S SEMINAR/EVENTS

- **IT Academic Classroom Technology Orientation Sessions**
 - February 1 | 9:00 AM – 3:00 PM in WHL 116
 - February 2 | 9:00 AM – 12:00 PM in PRS 114Please REGISTER for these events
- **Merck KGaA Darmstadt Germany Innovation Cup**
From June, 10th – June, 16th 2023, Merck KGaA, Darmstadt, Germany will be hosting the Innovation Cup Summer Camp. The Innovation Cup is an initiative for post-graduate students in natural sciences, computer sciences, and business administration to attend a training program near Frankfurt, Germany.
- **Polymore Physics Short Course/APS March Meeting**
The course will take place on Saturday 3/4 and Sunday 3/5, and will include a series of engaging talks on the multiscale design and characterization of polymer membranes. The Early-bird registration deadline, Wednesday 1/25, is fast approaching. [CLICK HERE](#) for more information and to register.

JOBS/RECRUITING

- **University of Kansas**
Position: [Asst/Assoc Teaching Professor – Chemical & Petroleum Engineering](#)
Brief Description: The Department of Chemical and Petroleum Engineering at the University of Kansas (KU) is seeking outstanding candidates for an Assistant/Associate Teaching Professor starting in Fall 2023. Appointment level will be based on an applicant’s scholarly and teaching record. All Teaching Professor positions, regardless of rank, are non-tenured positions appointed for a three-year limited term period.
- **University of Akron**
Position: [Assistant Professor, Chemical, Biomolecular, & Corrosion Engineering](#)
Job ID: 14100
Brief Description: The Department of Chemical, Biomolecular and Corrosion Engineering, within the College of Engineering and Polymer Science, at The University of Akron (UA) is seeking applications for a tenure-track position at the assistant professor level to begin in Fall 2023, with a preference for candidates with research interests in materials, specifically reaction engineering, catalysis, and their application in advance energy or bioengineering.

Available positions can be found on the [Chemical & Biomolecular Engineering opportunity website](#), so be sure to check it regularly.
