

# DEPARTMENT OF CHEMICAL AND BIOMOLECULAR ENGINEERING

# 2023 SEMINAR SERIES

**SEP 15**

KURT WOHL MEMORIAL LECTURE

**DELIA MILLIRON**

University of Texas at Austin

*Ernest Cockrell, Jr. Memorial Chair and Department Chair*

Colloidal gels from plasmonic metal oxide nanocrystals

**OCT 20**

**PETER BELTRAMO**

University of Massachusetts Amherst

*Assistant Professor*

Interfacial colloidal interactions, dynamics, and assembly: from biomembranes to ordered 2D materials

Ph.D., University of Delaware, 2014

**NOV 3**

**QING SUN**

Texas A&M University

*Assistant Professor*

Synthetic Biology for Enhanced Macromolecule Function and Animal Performance

**DEC 1**

**QI ZHANG**

University of Minnesota

*Assistant Professor*

Toward the Efficient Operation of an Electrified Chemical Industry
