CBE Seminar Series

- **Kurt Wohl Memorial Lecture**
  Delto Milliron, University of Texas at Austin
  Friday, October 6, 2023, at 10:00 AM in 102 CCB
  via Zoom: https://utd.zoom.us/j/9936463400
  "Cultural Development of New Materials"

- **Peter Belhano, University of Massachusetts Amherst**
  Friday, October 20, 2023, at 10:00 AM in 102 CCB
  via Zoom: https://utd.zoom.us/j/9936463400
  "Multiscale Cell-Based Interactions, Mechanics, and Assembly, From Biomolecules toOrdered 3D Materials"

- **Ging Sun, Texas A&M University**
  Friday, November 3, 2023, at 10:00 AM in 102 CCB
  via Zoom: https://utd.zoom.us/j/9936463400
  "Cytoarchitectural and Molecular Mechanisms of Tissue Assembly, from Biomolecules toOrdered 3D Materials"

Organic Chemistry Seminar

- **Michelle Grimmer, Rice**
  Friday, October 6, 2023, at 4:00 PM in 219 BRL
  "High-Performance Computing: HPC & Scientific and Economic Weapon"

- **Philosophy Department Seminar**
  Paul Boghossian, University of California
  Thursday, October 19, 2023, at 3:30 PM in 119 MEM
  "Should We Be Moral Realists?"

- **New York University**
  Position: Assistant/Associate Professor
  Title: Biochemical and Biophysical Engineering
  Description: The Department of Civil and Environmental Engineering at the University of Texas at San Antonio (UTSA) invites applications for a tenure-track faculty position at the Assistant/Associate Professor level. Informal discussions with candidates will begin as early as October 2023. Applications are due by December 1, 2023. Candidates should have a Ph.D. in engineering, science, or a related discipline, and be prepared to make an outstanding contribution to the Department. The Department seeks candidates with expertise in the areas of civil and environmental engineering and, in particular, in the following areas: water resources, environmental systems, and environmental engineering.

- **Michigan State University**
  Position: Open (Tenure-Track) Faculty Position
  Description: The College of Engineering at Michigan State University (MSU) invites applications for a tenure-track faculty position in the Department of Chemical Engineering and Materials Science (CEMS) in the area of materials science and engineering. The successful candidate will be expected to contribute to the College’s mission of excellence in teaching, research, and service. The College of Engineering at MSU is committed to promoting an inclusive and welcoming environment that values diversity and supports the success of all faculty members. The College values contributions that promote equity, diversity, and inclusion in the intellectual, social, and cultural climate of the campus and society.

- **University of Texas at San Antonio**
  Position: Assistant/Associate Professor
  Title: Biochemical and Biophysical Engineering

The Department seeks candidates with expertise in the areas of civil and environmental engineering and, in particular, in the following areas: water resources, environmental systems, and environmental engineering.

- **University of Kentucky**
  Position: Assistant Professor of Materials Engineering
  Description: The Department of Chemical and Materials Engineering at the University of Kentucky invites applications for a tenure-track position as assistant professor. The successful candidate is expected to be primarily engaged in research, but will also be expected to teach undergraduate and graduate courses. The successful candidate will be expected to use interactively to recruit new faculty members.

Available positions can be found on the Chemical & Biomedical Engineering opportunity website. It is important to check regularly.
