

2025 MSE Fall Seminar Series
Wednesdays from 10:30-11:30
322 ISE Lab

(Note: This is a new room for Fall 2025)

INVITED GUEST DEPARTMENT LECTURES

Date	Seminar Speaker Information	Abstract Title
October 1	Scott Milner Materials Science & Engineering Department Penn State University Email: stm9@psu.edu Host: Christian Pester	<i>Predicting structure and charge transport in semiconducting polymers</i> Co-sponsored by the Center for Hybrid, Active and Responsive Materials (CHARM)
October 15	Robert Willett Nokia Bell Labs Email: robert.willett@nokia-bell-labs.com Host: Bob Opila	<i>Trying to Build a Stable Qubit from Scratch (almost)</i>
October 29	Ayana Ghosh Oak Ridge National Laboratory Email: ghosha@ornl.gov Host: Ryan Comes	<i>Physics-guided AI for complex materials</i>
November 19	Benjamin McDonald Department of Chemistry Brown University Email: Benjamin_mcdonald1@brown.edu Host: Laure Kayser	<i>Molecular Design of Processes and Polymers for Bioinspired Soft Materials</i> Co-sponsored by the Center for Hybrid, Active and Responsive Materials (CHARM)
