

Advanced Polymer Characterization Workshop

Tuesday, January 13, 2026 | 11:00 AM – 1:00 PM

University of Delaware

Colburn Laboratory Building, Room 366

Newark, DE 19716

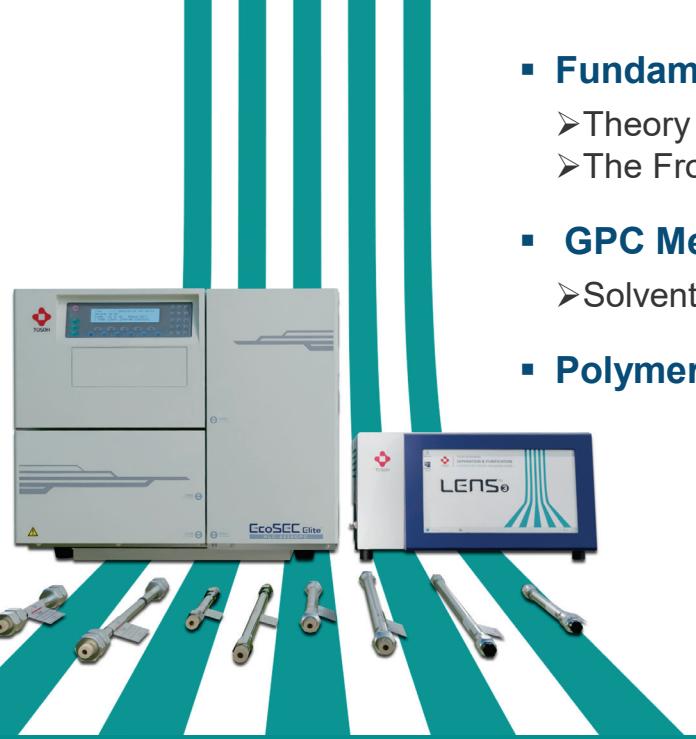

JOIN TOSOH BIOSCIENCE FOR THIS FREE WORKSHOP!

presented by Shaun Milkovich

scan to register!

Learn from the GPC experts:

- **Fundamentals of Advanced GPC Characterization**
 - Theory of Conventional and Triple Detection Analyses
 - The Frontier of Multi-Angle Light-Scattering
- **GPC Method Development and Troubleshooting**
 - Solvent, Columns, Detectors, and Conditions
- **Polymer Characterization Applications**

This is a great opportunity to discuss the challenges in your analysis – it's intended to be an interactive forum!

Register today!
