

You're Invited!

ISA Wilmington Section's Technical Conference & Vendor Showcase

Join us at the biennial Technical Conference and Vendor Showcase — a **FREE** event open to the public.

Hosted by the ISA Wilmington Section, a local chapter of the International Society of Automation connecting automation professionals across the Delaware Valley. ISA support learning, innovation, and collaboration through monthly technical section meetings, industry events, and networking opportunities that advance automation and control knowledge.

Date: Thursday, March 26, 2026

Location: STAR Tower at 100 Discovery Boulevard, Newark, DE 19713

Why Attend?

- Learn about the latest trends and technologies impacting instrumentation, automation and control systems
- Earn **PDH credits** for each technical session attended
- Connect with local vendors, integrators, and subject matter experts
- Network with peers across the industry

Registration: FREE
